## Motter Avenue Bridge Project

### Construction Update

August 15, 2012

- Observe new signs and flaggers during lane closures.
- Please drive carefully through work zone and beyond.
- Watch for construction equipment and working crews.

#### Recent Accomplishments:

1. Crews are installing erosion and sediment controls as needed.
2. Crews have continued to place storm drain structures and pipe along US 15 and Thomas Johnson Drive.
3. Crews have completed the temporary sidewalk along Thomas Johnson Drive.
4. Crews have started placing curb and gutter along the ramp from northbound US 15 to Motter Avenue.
5. Crews have completed the clearing along Opossumtown Pike.

#### Upcoming work schedule:

1. Crews will be working on storm drain pipe under southbound US 15, using the “jack and bore” method to avoid disturbing the road.
2. Crews will be placing more storm drain structures and pipe.
3. Crews will be installing temporary traffic signs for the automated speed enforcement program. Automated speed enforcement on US 15 is expected to begin in mid-September.
4. Crews will be relocating existing utilities along Thomas Johnson Drive (gas main and electric lines).

On behalf of Maryland State Highway Administration, I would like to thank you for your cooperation and patience. Please drive with caution through our work zone.

David James, Project Engineer

Maryland State Highway Administration
